

## Confused by Medicare? *You are not alone!*

---

You're invited to attend our **Turning 65 Workshop** for people who *need to enroll in Medicare* within the next few months

---

Wednesday, January 28th @ 11:00 AM EST  
at **Shoney's Restaurant** in Elizabethtown, KY!

Some of the topics we will address at the workshop include:

1. **What do you have to do to enroll in Medicare?** What does it cost and when does it begin?
  2. **There are dozens of Medicare Supplement Plans available.** Do you know the single most important thing about them? **Knowing this one thing can save you a lot of money!**
  3. **What are Medicare Advantage Plans and how do they differ from Medicare Supplements?** What are HMOs, PPOs and PFFS plans? You need to clearly understand the differences (**and there are major differences**).
  4. Are all **Medicare Prescription Drug Plans** the same? Hardly, there are many plans in every state and there can be big differences in premiums, deductibles, co-pays and formularies. Did you know that Medicare will penalize you for not enrolling in a drug plan, even if you don't take any drugs?
  5. What if you have **retirement supplement coverage from your former employer?** Should you keep that coverage or switch to another plan? (Sometimes "Yes", sometimes "No"). **I'll help determine what's right for you.**
  6. Did you know that you have guaranteed insurability for a 6 month period after enrolling in Medicare Part B? After that time, those guarantees disappear forever. **For some people, this will be the most important thing I will talk about!**
- 

*Medicare can be confusing; you really need to have a clear understanding from the beginning!*

**Leave your checkbook at home – this is an educational event only**

We do not offer every plan available in your area. Any information we provide is limited to those plans we do offer in your area.  
Please contact Medicare.gov or 1-800-MEDICARE to get information on all of your options.

This event is for you to relax, ask questions and enjoy your **FREE meal!**

**OVER →**

**Seating will be limited to the first 20 to call, so please call 270-776-9040:TTY/711 today!** Attendance is limited so I can answer all questions and spend time with each of you.

### **Why you should attend our workshop...**

I know you receive lots of mail every day from many different companies advertising **their** plans. If you call one of those companies, they will only tell you about their plan hoping you'll choose it even if you haven't compared it to anything else. I offer all of the top plans and companies and have no bias so I can remain objective while helping you find the right plan to fit your needs.

### **Knowledge IS Power...**

Do not rely solely on TV commercials, "brand names", perceived company reputations, limited sales brochures, or websites. **You'll make the right choice once you know all of the facts.**

### **Why you need a local licensed insurance agent...**

Have you ever called a company and tried to navigate a dozen menus trying to reach the correct person or department you need? It can be time consuming and very frustrating.

I am local and available year round to answer any questions or deal with any problems you may have. **You will have my cell phone number and my email address and all calls and emails will be returned promptly.** When dealing with doctors, insurance companies and even the government, having an advocate who's on YOUR SIDE can be very helpful.

### **About your Speaker...**

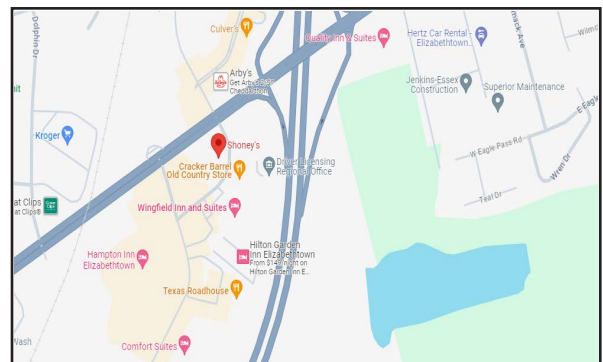

I'm Brian Mulloy and I am dedicated to helping people find the right Medicare plan for them at the lowest possible cost. I have been a licensed insurance professional for many years and turned my focus completely to Medicare options several years ago. I did that because I knew people were searching for guidance in this confusing and complex area and they were not finding un-biased help. **I'm here to solve that problem.**
